7:08am J.Viskup called meeting to order

Public Comment: No Public Comment

J. Viskup noted that under construction extension on milking barn is in Jersey street ROW without SB approval, and that building materials are strewn throughout ROW and they should not be in ROW.

H. Vorsteveld provided plans for two alternative ROW encroachment proposals: proposal A would build approximately 20 feet into ROW (length of encroachment in proposed plans, to run along barn and adjacent outbulidings). Proposal B includes a concrete slab encroaching approximately 20 feet into ROW with a smaller building than proposal A (length of encroachment in proposed plans, to run along barn and adjacent outbuildings).

Discussion ensued re: possibility of moving current milking parlor further back on property, away from ROW and road. H. Vorsteveld stated this was cost prohibitive.

H. Vorsteveld stated that not outlined in proposal A or B is their desire to build/add a chiller adjacent to an old/not-in-use milking parlor. Stated desired chiller would be 16 feet by 8 feet and if approved would not exceed current encroachment into ROW.

Discussion ensued. SB to review/further discuss proposals A and B and current ROW encroachment infringement at 7/14/15 SB meeting.

7:48 am J. Viskup motion to adjourn meeting. H. Hall seconded, so moved.
