

Viridis Solar Project

Public Input Session

Date: Wednesday May 22, 2024

Time: 5 PM to 7 PM

Location: Panton Town Hall

Freepoint Solar is proposing the Viridis Solar 50 megawatt (MW) solar project to be sited on Slang Road and West Road in Panton. We are inviting Town officials and members of the public to join us for a Public Input Session where we can listen, understand and document community concerns.

Following the Public Input Session, Freepoint Solar and SunEast Development will host an Open House on June 12, 2024 where our subject matter experts can address issues raised by the community and the public can interact with those professionals.

In advance of the Public Input Session members of the public may contact the Project team as follows with questions or comments:
